What you will hear at a Truth About Estate Planning Workshop

- The three steps in your lifetime estate planning journey.
- What are the **greatest threats** to your family's wealth? To their peace of mind?
- Why updated legal documents are only one of six essential parts to an effective estate plan.
- The difference between avoiding failure and setting up for success.
- What is your "true wealth" and how do you protect it?
- What is **probate** and why do people want to avoid it?
- How to leave assets to your loved ones **protected against divorces and creditors**.
- How a **2nd marriage** puts your assets at risk, even if you live "til death do us part".
- What is trust funding and why is it so important to your plan?
- How to use your family's goals and concerns to guide the type of legal documents you need.
- How to have **lifetime peace of mind** for less than the cost of cable TV.
- **Estate taxes**—are they really gone forever?
- The **hidden costs** of a basic will or trust.
- Why **most living trusts don't work** and how you can make sure yours does work.
- Even if you already have a plan, come and hear a "second opinion" about **how to make your plan work**.
- The secret, **hidden estate planning step** that most attorneys fail to complete.
- How your family can prepare to face declining health and **nursing home expenses**.
- How most estate **attorneys fail their clients** when they need them most.
- Whether a basic will (or **no will at all**) may work just fine for you and your family.
